First line has number 5 so
⁶ second gets a number because it
is divisible by 3. No other
numbers because the step is 3.

⁵ Here we additionally ask for
⁶ a number on the first line and
we reduced the step to 2, so
⁸ more lines get numbers.

First line has number 5 so
6   second gets a number because it
    is divisible by 3. No other
    numbers because the step is 3.

5   Here we additionally ask for
6   a number on the first line and
    we reduced the step to 2, so
8   more lines get numbers.
